System 3

A New Generation

System 3 is the next generation of Boulevard and offers the freedom to plan the office environment 'your way' while keeping an eye on the bottom line. A rich toolbox of new features includes stack-on panels, interchangeable snap-on tiles, up-mounted storage, ergonomic worksurface shapes, an exciting pallet of recycled fabrics, and to make it all work, complete power/communication 'lay in' at the top of the panel, complete power/communication both at the base of the panel as well as at desk height. Boulevard has been the mid-market leader for over a decade. Now you can choose from an endless visual pallet and array of practical solutions for today's ever changing and demanding workplace. When you add it all up, System 3 gives you more value than ever before.
