

INSTALLATION GUIDELINES

Foundations Float Table Instructions

STEP 1: Fasten the four ganging brackets into the bottom of the float table with the machine screws provided.

STEP 2: Position the chair on its back and slide the float table in from the side. Use the remaining machine screws to fasten the ganging bracket to the underside of the chair.

STEP 3: Repeat this process for the second chair on the opposite side.

STEP 4: Flip the remaining assembly into the upright position.
