

Wave Table

GENERAL SPECIFICATIONS:

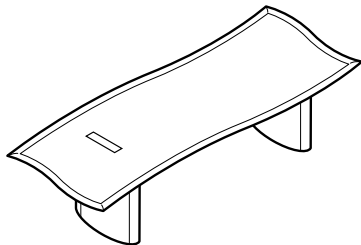

Wave adds a fresh new look to today's boardrooms. Its sleek design with soft curves has a sophisticated elegance. From the high-pressure laminate top to the rich wood edges, Wave is a durable boardroom table. The elliptical combination of metal, plastic and wood bases provide support and function with an access door as well as top and bottom cut outs to accommodate power/data grommets. The Phantom 2 has 2 simplex and 6 positions for amp plugs with a single door that provides convenient data and voice access at table top. The door conceals the data and power source when not in use.

- *Table tops up to 120" are in one section and require 2 bases*
- *Table tops 144" and over are in two sections and require 3 bases*
- *Refer to the Descor collection price list for finishes available*
- *Shown in plastic laminate inlay. Also available in natural veneers.*
