

SEPTEMBER 2007 **PRESS RELEASE**

GLOBAL CONTRACT SHOWN AT IIDEX 2007 - 'DUFFERIN'

MARKET APPLICATION

Management and general office casegood applications.

DESIGN + INNOVATION

DUFFERIN presents a bold new approach - the fusion of wood veneer, laminate, glass and steel offer a limitless range of design possibilities for any office environment. The worksurfaces, drawers and cabinet fronts surround the user with the aesthetic and tactile qualities of real wood. The chassis and cabinets are made from laminate to provide a rich two tone look that is both durable and cost effective.
