

GLOBAL CONTRACT ANNOUNCES LAUNCH OF 'EASTON™ CASEGOOD SERIES'

MARKET APPLICATION

Mid market level management and professional offices.

DESIGN & INNOVATION

Introducing Easton, an impressive NEW Casegood series created by renowned designer Zooley Chu, presented by Descor Collections, a division of Global Contract. This unique desking series offers distinctive detailing with two edge design and perforated mesh detailing on many components, adding a sophisticated feel to any office environment.

Easton offers contemporary or transitional styling with a wide variety of exciting new worksurfaces shapes which allow for a personalized environment. Versatile and stylish storage units include hutches, bookcases and personal towers. All drawers and doors feature a choice of three handle options, including straight, round or bowed designs with an array of worksurfaces to choice from, including: Delta Extended Corners, Radius End Islands and Connectable Tables to allow for the ideal work environment.

“Designers have embraced the distinct detailing, flowing organic shapes and innovative hutch options, created by designer Zooley Chu” said Boyd Olver, Product Manager for Descor by Global Contract.

The Global Group, Canada’s largest manufacturer of business furniture for office and home use. Global delivers quality, variety, style and great value in ergonomically designed seating, casegoods, filing and storage cabinets.
