## Compile™

As your business grows, Compile adapts to changes within your workplace and grows with you. Compile's simplicity and flexibility aims to keep your long-term costs low. It's the affordable furniture solution to complete your office environment today and tomorrow without sacrificing quality or beauty.

**All Access:** Larger work areas provide increased worksurface and storage capacity while lower panels allow convenient office interaction.

Worksurfaces shown in True White (S645LP) with Designer White Trim (DWE). Storage and panel trim in Steel (STL) paint. Panel fabric is Coronet Lime (CO36).

Global Contract M9 seating is shown with Tekno Salsa (TK11) fabric.

---

## Simply Simple

Compile panels and universal corner posts ship with “Quick Connect” pre-installed connectors, making it one of the easiest system products to install and reconfigure. Aluminum raceway covers hinge upward and lock in place. Covers can also be easily removed to provide open access and better protection for power and data in the base of the panel.

**Work Smart:** Create individual work privacy without isolation by utilizing varying panel heights. Curvilinear worksurfaces maximize workspace while increasing chair mobility in smaller workstation footprints.

Worksurfaces shown in True White (S645LP) with storage and panel trim in Steel (STL) paint. Panel fabric show is Coronet Lime (CO36).

Global Contract M9 seating is shown with Tekno Harvest (TK10) fabric.

---

## Simply Clean

The Compile system emphasizes a clean appearance from top to bottom. Panels are available monolithic or segmented, utilizing aluminum raceway covers available with or without knockouts. An innovative worksurface support and overhead storage mounting system eliminates the need for slots in the panel frames, providing a softer visual appearance.

**Collaborate:** Enhance visibility and collaboration by using lower panels. Varying heights allow greater natural light in the work area while maintaining seated privacy. Removing panels between workstations promotes greater interaction in a team-oriented environment.

Worksurfaces shown in True White (S645LP) with Designer White Trim (DWE). Storage and panel trim in Steel (STL) paint. Panel fabric is Coronet Lime (CO36).

Global Contract M9 seating is shown with Tekno Harvest (TK10) fabric.

**Maximize Everything:** U-shape configurations provide increased workspace area and greater storage options. Lower height panels allow greater natural light penetration while taller panels increase storage capacity with overhead cabinets and shelves.

Worksurfaces shown in True White (S645LP) with Designer White Trim (DWE). Storage and panel trim in Steel (STL) paint. Panel fabric is Coronet Lime (CO36).

Global Contract M9 seating is shown with Tekno Salsa (TK11) fabric.
